Age: 20

Gender: Male

Household register: Shaanxi Province

## Education

**Jiangsu University**

Other, Freshman

Major: Industrial Design

**Jiangsu University**

Undergraduate, Sophomore

Major: Computer science and technology

**Honor**

National Endeavor Fellowship

Outstanding student cadres of Jiangsu University

Top 3% of Majors

**Zhenjiang City**

2019.9--2020.7

**Zhenjiang City**

2020.9--so far

## Research Field

**Tutor:** Yang Yang, Associate Professor

City University of Hong Kong-University of Science and Technology of China jointly train doctor

**Joined Lab:** Robot Innovation Laboratory

**Directions:** Computer vision, Computational Photography

## Experience

### Vocational.....

**ByteDance**

Youth Camp, Website Front Desk Training

- HTML, CSS, JavaScript, TypeScript knowledge architecture
- Node.js, React design pattern and practice
- Debugging, animation implementation, security strategy, engineering
- Small program development, project practice

**Live Online**

2021.8.15--so far

**Nanjing Byte Block Technology Co., Ltd.**

Research Assistant Internship

- Data collection and analysis
- According to the survey data, portrait the characters
- Find out the character's activity law and give the analysis report

**Nanjing City**

2021.1--2021.4

### Miscellaneous.....

**School of Computer Science and Communication Engineering**

Office Computer Student Assistant

**China Computer Federation(CCF)**

University Computer Publicity Ambassador

**Zhenjiang City**

2021.7--so far

**Beijing City**

2021.4--so far

**Industrial Design Class 1901**

*Commissary in charge of studies*

**Zhenjiang City**

*2019.9--2020.7*

**China Mobile Jiangsu University Branch**

*Part-work and part-study system*

**Hebei Sasuke Public Welfare Fund Association**

*Anti epidemic volunteer*

## Languages

---

**Chinese:** Mother Tongue

*Proficient in reading, writing, communication and expression*

**English:** CET-6

*Medium and high level business dialogue and academic exchange*

**Korean:** Primary level

*Simple dialogue, daily life*

## Awards Record

---

2020.11	<b>Second Award</b>	National College Students Mathematical Modeling Competition
2021.4	<b>Third Award</b>	Computer Design Competition
2021.5	<b>Third Award</b>	Blue Bridge Cup C++ Programming Competition

## Interests

---

**Football** I like playing football with my friends and sharing passion and happiness Universities

**Travel** I want to travel around China's major cities and feel the diverse scenery and humanities

**Refined Code** Exploring the underlying principles and running the code efficiently surprised me

## Research Project

---

- **Type:** Innovation and entrepreneurship training program for College Students (2000 RMB Subsidy)  
**Project:** Intelligent Voice Interactive Garden System Based On Machine Intelligence Cloud Platform  
**Team:** Four collaborators(2/4),School of computer,School of Electrical Information Engineering  
**State:** The project was approved in July 2020 and concluded in April 2021  
**Achievements:** An article was published in the journal *Science public*.  
The final achievement won the third prize in the computer design competition.
- **Type:** Scientific research training program for College Students  
**Project:** Research on image processing method based on seam carving  
**Team:** Three collaborators(1/3),School of computer science and Communication Engineering  
**State:** It was approved in June 2021 and is in progress.

## Profile

---

Exploring the mysteries of the internal operation of things always makes me tireless. I like to write code to solve practical problems, and seek more rapid, efficient and stable technical means at the same time. Enthusiasm, persistence and struggle are my labels. I like computer world, and I also love traveling and football.
